LEOPARD BAR PULL HANDLE

“The hammered effect has an appealing decorative quality, applied by hand it creates a texture that stimulates the senses of sight and touch that cannot be recreated by machine. Aged brass creates a unique patina and warmth, polished nickel makes handles and knobs look like pieces of jewellery.”

ODEL BAR PULL HANDLE

"While knurled patterns have proved popular on our Jazz and Harlequin suites architects and interior designers challenged us to make a more masculine look and feel. The result of which we are justifiably proud is the Odel suite of square knobs, rectangular cup pulls and handles, the stepped detail allied to a high degree of precision and skill has created a tactile product with stunning contrasts and definition."
